

**BIG
DADDY
?**

J.T.C.

How many of you believe
in evolution?

WE DO SIR!

Anyone disagree?

I do, sir!

You can **GET OUT** of **MY** class !!
After you've apologized to everyone
for your rudeness and ignorance,
we **MIGHT** let you back in!

A woman with short hair is speaking to a class. A speech bubble from her says, "On second thought, perhaps I was a bit hasty. I think I will systematically tear your little beliefs to shreds in front of the entire class!"

On second thought, perhaps I was a bit hasty. I think I will systematically tear your little beliefs to shreds in front of the entire class!

A student with short hair is responding to the woman. A speech bubble from him says, "Thank you, sir!"

Thank you, sir!

A student with long hair is looking towards the woman. A speech bubble from him says, "Crazy man!"

Crazy man!

A student is speaking to the woman. A speech bubble from him says, "Sit down!"

Sit down!

A student is asking a question. A speech bubble from him says, "What makes you think evolution is untrue?"

What makes you think evolution is untrue?

A student is answering the question. A speech bubble from him says, "Because the Bible says that each kind..."

Because the Bible says that each kind...

**HAW
HAW**

A student is shouting. A speech bubble from him says, "HOLD IT, YOU FANATIC!!"

HOLD IT, YOU FANATIC!!

I could have you jailed for that!!* How dare you even mention the word Bible in this school. You know it's unscientific?? - - If you talk to me, it will be **ONLY** in scientific terms!
Do you understand?

*It has never been against the law to teach the Bible or creation in public schools.
See, Public School Presentation video from Creation Science Evangelism, www.cseinfo.com.

Young man, the evidence is overwhelming. **ALL** of the schools teach it. It's accepted **everywhere**. DNA proves it! Science proves it! Carbon-14 proves it!

FACTS – FACTS

FACTS! Huxley – G. Gaylord
Simpson – Darwin – even
NATIONAL GEOGRAPHIC and
TIME magazines know it...

Are there not *six* basic concepts of evolution?

Yes!

1. Cosmic Evolution - Big Bang makes hydrogen
2. Chemical Evolution - higher elements evolve
3. Evolution of stars and planets from gas
4. Organic Evolution - life from rocks
5. Macro-evolution - changes between kinds of plants and animals
6. Micro-evolution - changes within kinds

Only the last one has been observed and can be called science. And it's not really evolution. It's variation within a kind.

He's got a point there!

I don't like your attitude!
Let's discuss prehistoric man.

Here is the first and most famous clue to early man. The Neanderthal skullcap!

CHARLES DARWIN 1809-1882

Modern dating methods show man to be older than Darwin could have imagined!

Lucy, the oldest known ancestor of humans, is 2.9 million years old.

Only 2.9 million? Richard Leakey found a normal human skull under a layer of rock dated at 212 million years... I'm sorry sir, but most experts now agree that Lucy was only an unusual chimpanzee *not* a missing link.*

WILL YOU SIT DOWN!

*For details watch Video Seminar Part 7 by Dr. Kent Hovind.

Pieced together by fragmentary fossil evidence, science can show the stages of man's long march from ape-like ancestors to sapiens!

With wonderful names like proconsul-australopithecus afarensis to homo habilis to homo erectus and on and on to modern man!

Sir, I have in my possession a similar chart showing some amazing findings which are rarely made public! May I show it?

This should be interesting! Yes, let's see it! Science *always* has the answers!

LUCY

Nearly all experts agree Lucy was just a 3 foot tall chimpanzee *

HEIDELBERG MAN

Built from a jaw bone that was conceded by many to be quite human.

NEBRASKA MAN

Scientifically built up from one tooth, later found to be the tooth of an extinct pig.

PILTDOWN MAN

The jawbone turned out to belong to a modern ape

PEKING MAN

Supposedly 500,000 years old, but all evidence has disappeared.

*For details watch Part 2 of the Creation Seminar Series video by Dr. Kent Hovind.

NEANDERTHAL MAN

At the Int'l Congress of Zoology (1958) Dr A.J.E. Cave said his examination showed that this famous skeleton found in Germany over 50 years ago is that of an old man who suffered from arthritis.

PITHECANTHROPUS

Dates way back to +970. This species has been found in the region just north of Australia

CRO-MAGNON MAN

One of the earliest and best established fossils is at least equal in physique and brain capacity to modern man, so what's the difference?

MODERN MAN

This genius thinks we came from a monkey. "Professing themselves to be wise they became fools." Romans 1:22

He's killing me I've gotta play it cool!

All of these layers of the earth are millions of years different in age We can tell the age of these layers from the fossils they contain.

But sir, how do you date the fossils?

That's a good question We can tell the age of the fossils since we know the age of the layer of rock where they were found

Sir isn't that circular reasoning?

How can you say the layers are different ages? Petrified trees* are often found going through many of the layers

Some are even upside down running through "millions of years" worth of rock

Well here is proof of evolution Human embryos have gill slits proving man evolved through the fish stage millions of years ago!

Sir Ernst Haeckel made up those drawings in 1869 and they were proven to be wrong in 1874 Those folds of skin are not gills They grow into bones in the ear and glands in the throat **

I hate him!

Wow! Wrong for 125 years and still in our book!

(Gulp) He's destroying me!

Vestigial* organs like the human tail bone prove we evolved from animals with tails!

*Vestigial a shrunken part of the body that is no longer used

Sir, there are nine muscles that attach to the tail bone

it is not "vestigial"!

Whales have a vestigial pelvis

This proves that they evolved from a land dwelling creature

I'm sorry sir, but those bones serve as anchor points for muscles. Without them whales cannot reproduce. They have nothing to do with walking on land.

Even if there were "vestigial" organs, isn't *losing* something the opposite of evolution?

Sir, what is the binding force of the atom?

It's gluons!

Gotcha!

Wrong sir! Gluons are a made-up dream. No one has seen or even measured them. They don't exist! It's a desperate theory to explain away truth!

We know that the electrons of the atom whirl around the nucleus billions of times every millionth of a second.

and that the nucleus of the atom consists of particles called neutrons and protons. Neutrons have no electrical charge and are therefore neutral.

BUT

Protons have positive charges. One law of electricity is **LIKE CHARGES REPEL EACH OTHER!** Since all the protons in the nucleus are positively charged, they should repel each other and scatter into space.

If gluons aren't the answer what is?

I'm sorry sir but I can't hear you.

don't know!

I said I don't know You tell me!

Sir, may I quote from the Bible?

YES, YES, YES !!

It says that Christ, the Creator, "Is before all things, and by him all things consist (are held together)."^{17*} Also it says, "All things were made by him (Christ); and without him was not anything made that was made."^{18*}

Are you saying *He* is the Creator?

Yes, "He (Christ) was in the world, and the world was made by him, and the world knew him not," John 1:10

¹⁷Col. 1:17 ¹⁸John 1:3

They'll understand why I'm quitting. They're intelligent, logical, compassionate scholars. Everything will be alright!

I'll simply tell them I can't teach it any longer!

I'm sorry gentlemen,
but I can no longer
teach evolution. It
can't possibly be true!

WHAT? Are you crazy?
GET OUT of **OUR**
university! After you've
apologized to everyone for
your rudeness and ignorance
we **MIGHT** let you back in!

Then man killed the Creator, if Jesus is God in the flesh.

Right! Jesus came to earth to shed His blood and die on the cross for you, to wash away your sins, so you could have eternal life with Him.

Then we *didn't* evolve!
The system has been feeding us ***THE BIG LIE!***
We really do have a soul!

"For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish but have everlasting life." John 3:16

What happens if I die without believing this?

Then you'll die in your sins — and be eternally lost.

What should we do to go to heaven?

Repent and turn to God. Surrender your life to Christ, acknowledge that He died for your sins and receive Him as your Saviour. Then you will go to heaven when you die.

THE BIBLE SAYS THERE'S ONLY ONE WAY TO HEAVEN!

Jesus said, "I am the way, the truth, and the life; no man cometh unto the Father, but by me." John 14:6

NOBODY ELSE CAN SAVE YOU. TRUST JESUS TODAY!

"That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved." Rom. 10:9

1. Admit you are a sinner. See Romans 3:10
2. Be willing to turn from sin (repent). See Acts 17:30
3. Believe that Jesus Christ died for you, was buried and rose from the dead. See Rom. 10:9-10
4. Through prayer, invite Jesus into your heart to become your personal Saviour. See Rom. 10:13

WHAT TO PRAY

Dear God, I am a sinner and need forgiveness. I believe that Jesus Christ shed His precious blood and died for my sin. I am willing to turn from sin. I now invite Christ to come into my heart as my personal Saviour.

If you trusted Jesus as your Saviour, you have just begun a wonderful new life with Him. Now:

1. Read your Bible (KJV) every day to get to know Jesus Christ better.
2. Talk to God in prayer every day.
3. Be baptized, worship, fellowship, and serve with other Christians in a church where Christ is preached and the Bible is the final authority.
4. Tell others about Jesus Christ.

For more on evolution, see:
The Vanishing Proofs of Evolution,
available at www.chick.com.
